Mailbox Username LavaNet sends announcements to its users whenever there may be scheduled maintenance or downtime. For this reason, you must receive email sent to this LavaNet mailbox so that we may contact you. Username must be a minimum of 2 characters, maximum of 8, no spaces or punctuation. This email box cannot dial in to LavaNet modem pools. Email can be checked two ways: via webmail (using an Internet connection) or by dialing up using the host account and checking this mailbox using a mail client like Outlook Express or Eudora, etc.

Should the name of the user or the business appear with this address? business user
